

Morning time was Lady Ethel's favourite time of day. She adored the Walled Garden at Dromoland Castle and visited it daily. A mother of six children and wife of the Right Honourable, Lucius, 15th Baron Inchiquin, she could be found sipping tea in her orangerie while admiring the castle's beautiful roses. A compassionate and shy lady, Ethel received a medal from Queen Elizabeth of Belgium in recognition of her care of refugees during World War 1. She and her husband brought electricity to the Castle as well as the parish's first motor car. Both Lucius and Ethel delighted in their garden, which they redesigned, with pillars, pergolas, terraces and paths. Lady Ethel wrote that her garden gave her so much joy that she didn't know what she would do without it. The Lady Inchiquin a magnificent cherry red tea rose is named in honour of Dromoland Castle's beloved chatelaine.
